

	<i>Further funding would also allow the existing network to be retained through to July 2022. A report being presented to cabinet on Thursday 27 April is recommending the council approve funding in the short term and over the next four years to secure the future of these vital services. . . . This proposed increase in our investment into bus services will give people peace of mind while we work with bus operators to secure the details of longer-term provision. We want to be clear that there will be no sudden end to services."</i>						
<b>#04</b>	<b>Planning applications and Highways:</b> A. <b>Update re application for MOT testing building at Horton Garage (17/00216)</b> , Datchet Rd – This application has been declined by the RBWM planning dept. Full details are on the RBWM website but in summary they quoted (1) an unacceptable impact on the openness of the green belt, (2) lack of evidence that the proposal would not impeded flow of flood water, (3) adverse effects on the property on the site (Brooklands) and (4) inadequate parking for the remaining property and the vehicles visiting the planned MOT facility. B. <b>Update re application re 90 Coppermill Road (17/00613)</b> This application has been withdrawn C. <b>Application 17/01125/DEM re 28 &amp; 30 Coppermill Road:</b> The councillors expressed surprise that this application had been submitted as their understanding was that the properties had already been demolished. What exactly are they being asked to consider? The application does not mention replacement dwellings but the Councillors will be happy to discuss an application for building on the site if one is submitted.						BH
